

Hi! My name is Grace Braddock and I graduated from Peak to Peak Charter School this spring with the class of 2020. I spent all four years of highschool at Peak to Peak and I am so grateful for their small scale, tight knit community, as well as the top tier college prep I received there. I particularly enjoy writing and art and I was a leader with the National Art Honor Society during my time as an upperclassman. I have also been a company dancer with Danse Etoile Ballet (a Louisville based performance group) for almost 10 years now. We perform three original story ballets and showcases per season and bring ballet to audiences in Louisville, Lafayette, Broomfield, and Boulder. I love portraying different characters through movement and I feel so honored to have the opportunity to share this art form that I love so much with others and give back to the wonderful communities I am part of. Dance is something I have always been passionate about and I hope to pursue that through college and beyond. I will be attending Goucher College in Towson Maryland in the fall and though I haven't completely set in stone what I will be studying yet I plan on double majoring in Environmental Studies and Journalism and minoring in Dance.

In my free time I love to hike and camp in the Rocky Mountains; leaving the stunning landscapes of Colorado is going to be one of the hardest changes in going to college but I am so excited to explore a new state! I enjoy volunteering in the community with amazing organizations like Community Food Share and the Humane Society of Boulder Valley and I also love to paint, read, write, and explore the mountains with my friends when I'm not in rehearsals or school. I am so unbelievably grateful and humbled to have this scholarship from Premier Members, and I would like to say a huge thank you to them for helping me realize my dreams and pursue my goals!
